

Needs of Instrumental Scientists

- PSR – attitude for 2004 Flights
 - attitude available in two weeks
 - data available in 2 to 4 mnt
- D2P - attitude for 2004 Flights
 - attitude available in two weeks
 - data available in 1 to 2 months
- THOR -TBD
- ATM – GPS problem to be resolved –
 - INS available in two weeks
 - lead information from D2P
 - data available within a month
- ICESAT- D2P data, ATM, ice photos, PSR
- ASAR –PSR and icesat requirements
- Landsat – all icesat requirements

Calibration Issues

- PSR – calib from maneuvers
- D2P – calib from leads and target
- ATM – range bias problem requires lead data
